Fan

Author's Notes:
Drabbling back and forth with Lia got this one to come to be a few days ago :)

The fan blew to the left and the right.

Papers, magazines, and random garbage floated around the empty rehearsal space. Abandoned and left alone on long tours.

Normally it was filled to the brim with beautiful music, floating around the air, lulling it to sleep.

Now it's empty and cold. Left to its own devices, save for the blowing fan.

Its only company when they were away on tour or at home. Forgotten and then rediscovered all over again once more.

It longed for another to enter it, to make it whole again.

And to turn off that annoying fan.
